

Tasks for Group Assignment 1

Instructions:

1. The submission should be done by only one member of the group (preferably the group leader).
2. Your submission must include a list of all participants in the group with their Names and Student IDs.
3. During the presentation session, a random student who participated from each group will be called upon to explain the group's work so be prepared
4. Save and submit the file using the following format: Group_X_Assignment1.pdf or Group_X_Assignment1.docx (**Replace X with your group number**)

Event Management System

Scenario: An event platform manages events, venues, and attendees.

Examples:

- The Tech Summit 2025 was held at AICC.
- Kojo attended the Tech Summit.
- The event was organized by Ghana Tech Hub.

Instructions:

- Extract facts like “Event held at Venue”.
- Draw fact types and roles.
- Populate with 2 events, 2 venues, and 4 attendees.
